SmartLife

the easiest way  
to your smart home

SmartLife

SmartLife Assortment

All you **need is...**

# the easiest way to your Smart Home

Discover a wide and ever-expanding range of products – such as bulbs, switches, sockets, sensors, and cameras – that can all be controlled through an easy-to-use and intuitive app.

With voice control features (on selected products) supported by Amazon Alexa and Google Home, with no need for anything more than your existing Wi-Fi network.

Whether you're looking for a single smart bulb or socket or you want to automate your entire house, discover how accessible smart technology is today.

# How SmartLife works

## Connect

Connect Nedis® SmartLife products directly to your Wi-Fi without the use of a separate hub.

After unboxing your brand new smart item you can wirelessly connect the product to your existing Wi-Fi network and you are good to go. The only thing you really need is your Wi-Fi password!

No need for an entire start-up kit, hub, gateway or bridge, you can get going with just one product, the free app and from there you can start exploring your smart life.

## Control

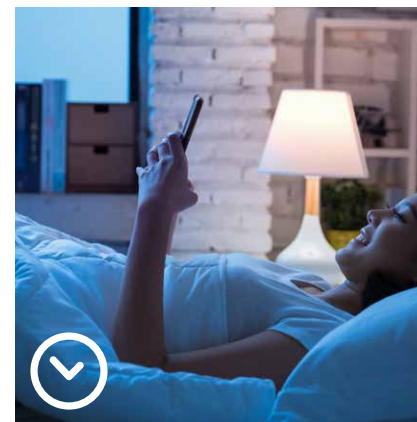

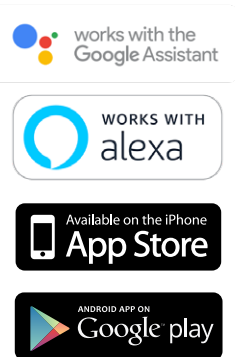

Control all products with the Nedis® SmartLife App. Use voice control after connecting them to Amazon Alexa or Google Home or set automations i.c.w. other products/services through IFTTT.

The Nedis® SmartLife app gives you full control over the smart products. Create scenes for automated functionalities or check and control each smart product individually. With an internet connection you can control your Smart Home via your smartphone with the app or voice control - at home or anywhere else.

## Combine

Combine different SmartLife products in scenarios and set schedules for advanced smart behaviour.

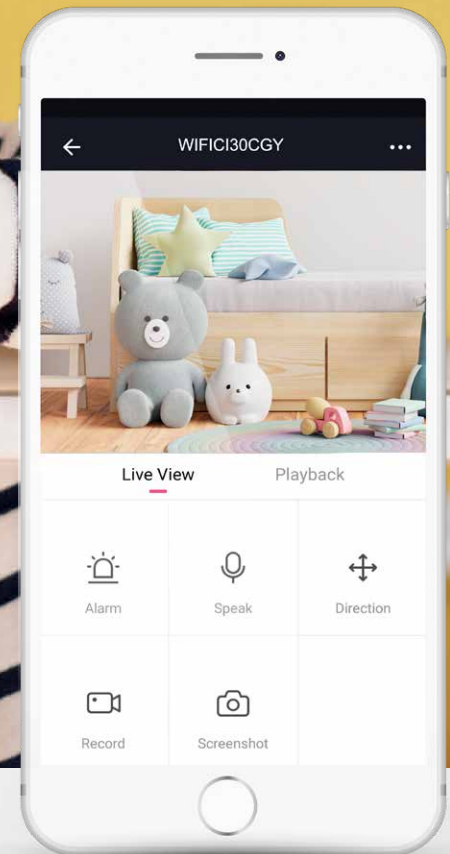

Have you started with a single smart product - and now you want to smarten up your entire home? Feel free to combine different solutions within one powerful app. It is all possible with the Nedis® SmartLife range which is ever expanding and therefore will unravel even more possibilities in time.

# Peace of mind

Taking care of your loved ones knows many embodiments – especially in this modern day. Keep a smart eye out via your smartphone or tablet, secure your peace of mind and even calm down the very person on the other end by using your comforting voice. Wi-Fi smart IP Cameras can function as an extension of your senses.

## Smart Indoor IP Camera

Connects directly to your router via Wi-Fi - no separate hub required

Records in HD resolution (720p or 1080p) for detailed footage

Supports microSD card up to 128 GB (not incl.)

Sends you a push message on your smartphone

Infrared LED included for night vision

Speaker and Microphone included so you can both listen and speak

Smart IP Camera  
for indoor use

- Two-way communication – to hear and speak to those in the room

WIFI05CWT

Also available without EU adapter: WIFI05WT

Smart IP Camera  
with climate sensor

- Can also be used as a baby monitor (with two-way communication) and a climate sensor (responding to the ambient climate)

WIFI11CWT

Article Code	Product Type	Resolution	Night vision
WIFI05CWT WIFI05WT	IP Camera for indoor use	HD 720p	5 m
WIFI11CWT	IP Camera with climate sensors	Full HD 1080p	5 m

Smart IP Camera  
with pan/tilt functionality

- Smart IP Camera – responds automatically to record any motion or sound in your room
- HD resolution – for crystal-clear footage capture
- Easy to connect directly into your Wi-Fi network – no separate hub required
- Two-way communication – to hear and speak to those in the room
- Wall and ceiling mount included – easy to affix straight from the box

WIFICI20CGY

Smart IP Camera  
Full HD with pan & tilt function, auto tracking and lullabies

- Automatic motion tracking to ensure you do not miss a thing
- Full HD resolution to capture every detail
- Physical button on the camera for sending a push notification to your phone
- Climate sensor for monitoring the temperature and humidity in the room
- Motion and sound detection, both with adjustable sensitivity
- Integrated lullaby - turn it on or off in the app, choose your child's favourite and they will fall asleep more easily
- Included silicone cover - the silicone cover with two ears on top makes the camera look like a cat and makes the camera less scary to stand in a child's room

WIFICI30CGY

Article Code	Product Type	Resolution	Night vision
WIFICI20CGY	IP Camera with pan/tilt functionality	HD 720p	10 m
WIFICI30CGY	IP Camera for indoor use	Full HD 1080 p	10 m

# Smart Outdoor IP Camera

Connects directly to your router via Wi-Fi - no separate hub required

Records in full HD resolution (1080p) for detailed footage

Supports micro SD card up to 128 GB (not incl.)

Waterproof housing (IP65) for outdoor security

Sends you a push message on your smartphone

Infrared LED included for night vision

Smart IP Camera  
for outdoor use (IP65)

- Smart Outdoor IP Camera – offers an easy to install, wirelessly-connected security system for the outside of a property.
- Full HD resolution – for crystal-clear footage capture
- Easy to connect directly into your Wi-Fi network – no separate hub required
- Fully supported by all other products in the Nedis® SmartLife range
- Two-way communication

WIFICO11CWT

Smart IP Camera  
outdoor pan/tilt (IP65)

- Small friendly design
- 16 GB internal memory (no micro SD support)
- Pan/tilt functionality to cover a large area
- Wall- / Ceiling mount included
- Two-way communication

WIFICO20CWT

Also available in UK version: WIFICO20GWT

Smart IP Camera  
With waterproof housing (IP67)

- IP67 waterproof protection, withstanding extreme weather conditions
- Easy installation in a few minutes
- Push notifications on your smartphone if motion is detected
- Photo and video recordings are stored on your phone's memory
- Motion detected videos are automatically saved on the microSD card.
- MicroSD slot up to 128 GB (not incl.)
- 15 m night view for 24/7 Full HD camera surveillance
- Image sensor: 2.0 Megapixel, CMOS sensor
- Operating temperature: -10° to +50°C

WIFICO030CWT

Also available in UK version: WIFICO030GWT

Article Code	Product Type	Resolution	Night vision
WIFICO11CWT	IP Camera for outdoor use (IP65)	Full HD 1080p	15 m
WIFICO20CWT WIFICO20GWT	IP Camera for outdoor use (IP65) with pan/tilt functionality	Full HD 1080p	15 m
WIFICO030CWT WIFICO030GWT	IP Camera for outdoor use (IP65)	Full HD 1080p	15 m

Full HD Outdoor Camera  
With metal housing (IP65)

- Full HD image quality for watching and recording every detail
- Two way audio so you can not only listen but also talk back
- Waterproof metal housing for a reliable sturdy solution suited to all year use
- Record on micro SD card up to 128 GB (not included) or in the cloud (subscription based)
- Motion and sound detection, both with adjustable sensitivity
- Night vision up to 15 m with high power infrared LED
- Extra long connection cable

WIFICO40CBK

Rechargeable IP Camera  
Rechargeable and 100% wireless

- Full HD image quality for watching and recording every detail
- Rechargeable battery - no need for a nearby power socket
- Battery lifetime up to 4 months in standby mode / 400 recordings on a single charge
- Waterproof housing (IP65) for indoor and outdoor usage
- Push notifications on your smartphone if motion is detected
- 2-way communication - for video images with sound support and talk-back function
- Night vision up to 6 m with infrared LED
- Integrated PIR sensor for accurate motion detection
- Starts automatically recording when movement is detected
- Record on micro SD card up to 128 GB (not included) or in the cloud (subscription based)

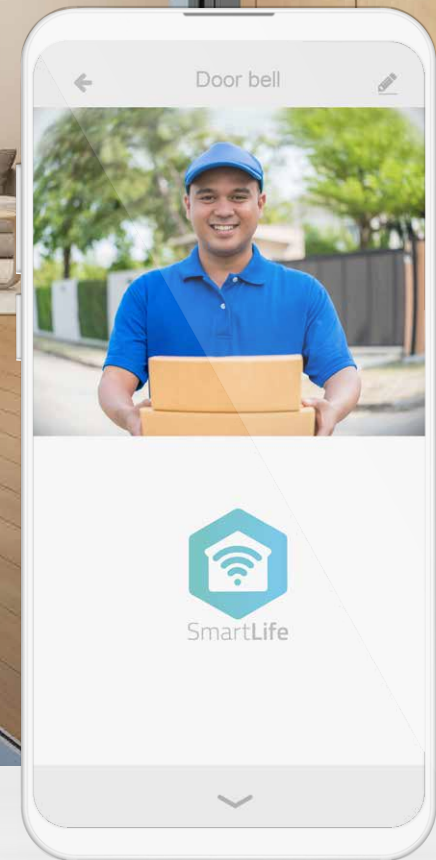

WIFICBO20WT

Article Code	Product Type	Resolution	Night vision
WIFICO40CBK	IP Camera for outdoor use (IP65)	Full HD 1080p	15 m
WIFICBO20WT	Rechargeable IP camera for outdoor use (IP65)	Full HD 1080p	6 m

# Who is at the door?

You can easily tell by looking at your smartphone or tablet. Talk to your ringing neighbour and tell him you'll be right there and that you just got home, the place where you feel at ease and moreover safe. Keeping watch on your property or having smart security in place can give a person the priceless sense of freedom to roam around without a single worry!

# Smart Doorbell

Connects directly to your router via Wi-Fi - no separate hub required

Records in HD resolution (720p or 1080p) for detailed footage

Supports micro SD card up to 128 GB (not incl.)

Sends you a push message on your smartphone

Infrared LED included for night vision

Expandable with wireless door chime (WIFICDP10BK - not incl.)

Smart Video Doorbell  
connects wirelessly to your smartphone

- Motion detection can also be deactivated (e.g. if your door faces the street directly)
- 2-way communication to talk to your visitors wherever you are
- Angle adjustment included for an optimal viewing angle
- Connects to the wires of your existing wired doorbell for non-stop functionality

WIFICDP10GY

Rechargeable Video Doorbell  
Rechargeable and 100% wireless

- Battery included for a 100% wireless solution and easy installation
- Battery lifetime up to 4 months in standby mode / 400 recordings on a single charge.
- Sends push notifications to your smartphone if someone approaches (motion detection) or rings the bell
- Motion detection can also be deactivated
- 2-way communication to talk to your visitors wherever you are
- Full HD recording (1080p) and digital zoom on your smartphone for a detailed view
- Recordings are stored on a MicroSD card up to 128 GB (not incl.)
- Integrated in the Nedis® SmartLife app
- 180° viewing angle and supports night vision

WIFICDP20GY

Rechargeable Video Doorbell  
Rechargeable and 100% wireless

- Battery included for a 100% wireless solution and easy installation
- Battery lifetime up to 2 months in standby mode / 200 recordings on a single charge.
- Sends push notifications to your smartphone if someone approaches (motion detection) or rings the bell
- Motion detection can also be deactivated
- 2-way communication to talk to your visitors wherever you are
- HD recording (720p) and digital zoom on your smartphone for a detailed view
- Recordings are stored on a MicroSD card up to 128 GB (not incl.)
- Integrated in the Nedis® SmartLife app
- 120° viewing angle and supports night vision

WIFICDP20WT

Article Code	Product Type	Power / Battery	Resolution	Dimensions
WIFICDP10GY	Smart Video Doorbell	8 - 24 V	Full HD 1080p	114 x 44 x 27 mm
WIFICDP20GY	Smart Wi-Fi Video Doorbell	5200 mAh	Full HD 1080p	141 x 50 x 32 mm
WIFICDP20WT	Smart Wi-Fi Video Doorbell	2600 mAh	HD 720p	141 x 50 x 32 mm
WIFICDP10BK	Wireless Door Chime	USB 5 V 1 A	-	Ø 60 x 24 mm

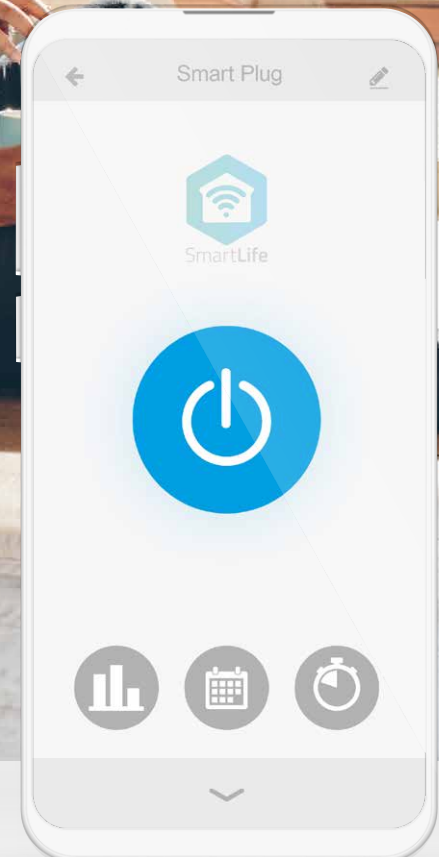

Wireless Door Chime  
accessory for video doorbell

- Wireless connection for flexible placement
- Option to connect multiple chimes to a single video doorbell
- Melody and volume adjustment

WIFICDP10BK

# Easy ways to save energy

We use electricity every day and we want to do that responsibly for the generations to come. Even existing appliances can get smarter – and more energy efficient if you want. Gain more knowledge about usage or set-up scenes to have a little fun and make your daily life easier: Make sure your radio starts playing as soon as you enter the room or prepare a cup of coffee from your bed on a Sunday morning.

## Wi-Fi Smart Plugs

Connects directly to your router via Wi-Fi - no separate hub required

Simply switch on/off the light/device using the application on your smartphone

Use voice control (in combination with Amazon Alexa or Google Home)

Combine with other Nedis SmartLife products or set a schedule

Monitor your current power usage as well as your usage history

Wi-Fi Smart Plug  
with power monitor

- Can be used as a stand-alone product or can connect easily with other Nedis® SmartLife products
- Allows remote and automated control - for scheduling and linking appliances
- Supports voice control - in combination with Amazon Alexa or Google Home
- Slim design - to ensure adjacent sockets are not blocked

WIFIP110FWT

Wi-Fi Smart Plug  
with power monitor

- Can be used as a stand-alone product or can connect easily with other Nedis® SmartLife products
- Allows remote and automated control – for scheduling and linking appliances (lamp, fan, heater, kettle, radio, etc.)
- Support voice control in combination with Amazon Alexa or Google home

WIFIP120FWT

Also available in pin earth version:

WIFIP120EWT

Wi-Fi Smart Plug  
up to 10 A

- Can be used as a stand-alone product or can connect easily with other Nedis® SmartLife products
- Allows remote and automated control – for scheduling and linking appliances

WIFIP120GWT

Article Code	Product Type	Max power	Dimensions
WIFIP110FWT	Wi-Fi Wi-Fi Smart Plug	2500W	ø46 x 70 mm
WIFIP120EWT WIFIP120FWT	Wi-Fi Smart Plug with Power Monitor	3680 W	100 x 62 x 59 mm
WIFIP120GWT	Wi-Fi Smart Plug up to 10 A	2500 W	100 x 70 x 60 mm

## Wi-Fi Smart Plugs

Wi-Fi Smart Plug  
up to 10 A

- Simple to set up - connects directly with your Wi-Fi
- Can be used as a stand-alone product or can connect easily with other Nedis® SmartLife products
- Allows remote and automated control – for scheduling and linking appliances
- Supports voice control – in combination with Amazon Alexa or Google Home

WIFIP130FWT

Also available in 3-Pack:

WIFIP130FWT3

Wi-Fi Smart Extension Socket  
up to 16 A

- Simple to set up - directly connects to your Wi-Fi router
- 3 x Schuko and 4 x USB
- Control or schedule each individual socket – from your smartphone
- Compatible with Amazon Alexa or Google Home – for voice control of three devices

WIFIP311FWT

Article Code	Product Type	Max current	Dimensions
WIFIP130FWT WIFIP130FWT3	Wi-Fi Smart Plug up to 10 A 3 Pack	10 A	72 x 60 x 60 mm
WIFIP311FWT	Wi-Fi Smart Extension Socket	16 A	265 x 65 x 40 mm

## Outdoor Wi-Fi Smart Plugs

Connects directly to your router via Wi-Fi - no separate hub required

IP44 weatherproof protection for outdoor use

Simply switch on/off the light/device using the application on your smartphone

Use voice control (in combination with Amazon Alexa or Google Home)

Combine with other Nedis SmartLife products or set a schedule

Wi-Fi Smart Plug  
for outdoor use (IP44) splash proof housing

- Can be used as a stand-alone product or can connect easily with other Nedis® SmartLife products
- Allows remote and automated control - for scheduling and linking appliances

WIFIPO110FBK

Also available in pin earth version: WIFIPO110EBK

Wi-Fi Smart Plug  
for outdoor use (IP44) with power monitor

- Can be used as a stand-alone product but is also easy to connect with other Nedis® SmartLife products
- Allows remote and automated control – for scheduling and linking appliances

WIFIPO120FWT

Also available in pin earth version: WIFIPO120EWT

Article Code	Product Type	Max current	Dimensions
WIFIPO110FBK WIFIPO110EBK	Wi-Fi Smart Plug for outdoor use (IP44)	16 A	Ø 57 x 97 mm
WIFIPO120EWT WIFIPO120FWT	Wi-Fi Smart Plug for outdoor use (IP44)	16 A	115 x 82 x 58 mm

# Ease at your fingertips

Beautiful traditional light bulbs and designer lamps don't have to be replaced – and rapidly touching the wall from top to bottom where your switch is supposed to be is a thing of the past. Turn on the lights before you enter the room, use voice commands or go for a single touch on the illuminated button. Enjoy easy control.

# Wall Switch

Connects directly to your router via Wi-Fi - no separate hub required

Enables you to remotely control your existing lighting

Use voice control (in combination with Amazon Alexa or Google Home)

Combine with other Nedis SmartLife products or set a schedule

Or simply switch the lights on/off using the touch button

Smart Wall Switch  
to control your lighting

- Durable – offers a lifetime of over 100,000 switch cycles
- Discrete – blends into your rooms interior
- Powerful – allows you to schedule lighting, pair with other appliances and devices, and control with your voice (with Amazon Alexa or Google Home)
- Versatile – can be operated locally as a traditional wall light switch or remotely and automatically

WIFIWS10WT

Smart Dual Wall Switch  
to control your lighting

- Take remote, wireless control of two lights in your room – from just one Smart Wall Switch
- Durable – offers a lifetime of over 100,000 switch cycles
- Discrete – blends into your room;s interior
- Powerful – allows you to schedule lighting, pair with other appliances and devices, and control with your voice (with Amazon Alexa or Google Home)
- Versatile – can be operated locally as a traditional wall light switch or remotely and automatically

WIFIWS20WT

Smart Curtain Controller  
for your electric curtains, shutters or sunshades

- Allows control via touch buttons, remotely and automatically – to place you in control
- Integrates with Google Home and Amazon Alexa – to give you the option of voice control
- Easy to set up – connects directly to your Wi-Fi router
- Can be controlled by time schedules or paired with other connected appliances – to allow automatic operation or offer you control of several appliances at once
- Subtle orientation light

WIFIWC10WT

Article Code	Product Type	Channels	Max power	Dimensions	Installation
WIFIWS10WT	Smart Wall Switch	1	300 W	86 x 86 x 35 mm	flush (10 mm)
WIFIWS20WT	Smart Dual Wall Switch	2	2 x 300 W	86 x 86 x 35 mm	flush (10 mm)
WIFIWC10WT	Smart Curtain Controller	2-directional motor	300 W	86 x 86 x 35 mm	flush (10 mm)

## Other

Connects directly to your router via  
Wi-Fi - no separate hub required

Surface Mounting Back Box  
for smart wall switch

- This surface mounting back box for Nedis® SmartLife smart switches offers multiple openings for easy cable access and a comfortable 35 mm depth for easy installation.
- Dimensions: 86 x 86 x 35 mm
- Material: ABS

WIFIWB10WT

Wi-Fi Smart Remote Switch  
to remotely power any wired device

- Simple to set up - directly connects to your Wi-Fi router
- Remotely turn on and off or schedule any wired device connected to this switch
- Take control with your smartphone or, when used with Amazon Alexa or Google Home, your voice

WIFIPS10WT

Article Code	Product Type	Channels	Max power	Dimensions	Installation
WIFIWB10WT	Surface Mounting Back Box for smart wall switch	-	-	86 x 86 x 35 mm	surface
WIFIPS10WT	Wi-Fi Smart Remote Switch to remotely power any wired device	1	2500 W	88 x 39 x 22 mm	hidden

# Smart Lighting

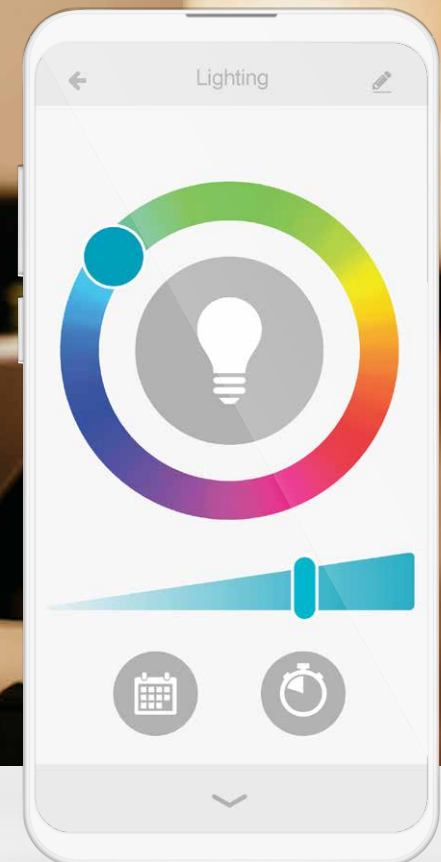

Control the hue and brightness of your SmartLife lightbulbs remotely or automatically.

Set the perfect scene for every occasion – whether it's movie night or a romantic dinner.

Replace the traditional light switches in your home.

With our smart wall switches to take automatic or remote control over your existing lighting with your smartphone or voice.

And, of course, for old time's sake these switches can still be used manually.

# Smart Bulb

## Full colour

Connects directly to your router via Wi-Fi no separate hub required

Replace your traditional bulb with this smart bulb

Set the colour and brightness to suit your activity

Use voice control in combination with Amazon Alexa or Google Home

Combine with other Nedis SmartLife products or set a schedule

## Other Lights

Connects directly to your router via Wi-Fi no separate hub required

Simply plug in and connect this smart light to create your perfect mood

Set the brightness and colour to suit your activity

Use voice control in combination with Amazon Alexa or Google Home

Combine with other Nedis SmartLife products or set a schedule

Wi-Fi Smart RGB Floodlight for outdoor use (IP65)

- Can be used as a stand-alone product or can connect easily with other Nedis® SmartLife products
- Easy to connect directly into your Wi-Fi network - no separate hub required

WIFILOFC20FBK

Wi-Fi Smart Floodlight with motion sensor for outdoor use (IP44)

- Can be used as a stand-alone product or can connect easily with other Nedis® SmartLife products
- Easy to connect directly into your Wi-Fi network - no separate hub required

WIFILOFS20FBK

Wi-Fi Smart RGB Mood Light (20 cm)  
Full colour and warm to cool white

- Control the colour and brightness of this Ø 20 cm frosted glass globe with your phone using the Nedis SmartLife application
- Besides all colours (RGB) this mood light also can emit warm to cool white light up to 300 lm
- Set schedules to wake you up or to pretend your presence when you're away
- This light can be scheduled to slowly increase its brightness to gently wake you up

WIFILM10CWT

Article Code	Product Type	Brightness	Watt	Colour	Dimensions	Water protection
WIFILOFC20FBK	Wi-Fi Smart Floodlight	1600 lm	20 W	3000 - 6500 K	126 x 142 x 43 mm	IP65
WIFILOFS20FBK	Wi-Fi Smart Flood Light with sensor	800 lm	20 W	3000 - 6500 K	126 x 142 x 43 mm	IP44
WIFILM10CWT	Wi-Fi Smart Mood Light	360 lm	4,2 W	RGB + 2700 - 6500 K	Ø 200 mm	-

Wi-Fi Smart RGB LED Strip (5 Mtr)  
Full Colour and Warm to Cold White

- Easy to set up - simply connect to your Wi-Fi to set, control and schedule
- Besides all colours (RGB) this mood light also can emit warm to cool white light
- The strip can be shortened or extended
- Double sided adhesive (3M) already placed - for easy installation
- Works as stand-alone smart light - or pair it with other SmartLife products to create an entire smart home

WIFIL50CRGBW

Wi-Fi Smart RGB LED Strip (5 Mtr)  
Multi Colour

- Connects directly to your router using Wi-Fi, so no separate hub required
- Free selection of millions of colours as well as moving multicolour patterns.
- The strip can be shortened to the desired length
- Double sided adhesive (3M) already placed for easy installation
- Works as stand-alone smart light - or pair it with other SmartLife products to create an entire smart home

WIFIL51CRGB

Wi-Fi Smart Outdoor Neon-style  
RGB LED Strip (5 Mtr)  
Multi Colour

- Diffuse light to simulate neon-lighting.
- Connects directly to Wi-Fi, so no hub/gateway required
- 24 VDC outdoor power adapter included
- Can be shortened to the desired length
- 60 LEDs per metre
- Fully integrates in Nedis® SmartLife app for automations etc.

WIFILN51CRGB

Wi-Fi Smart RGB TV LED Strip (2 Mtr)  
full colour and warm white

- Connect directly to your phone using Bluetooth
- Control brightness and colour using the free Nedis® SmartLife app
- Can be shortened to the desired length (every 33 mm), which makes it suitable for all TVs
- USB powered for flexible use
- 3M tape for easy fixation
- Extra flexible strip enabling sharp corners and tight turns

BTLS20RGBW

Article Code	Product Type	Brightness	Watt	Colour	Water protection
WIFIL50CRGBW	Wi-Fi Smart LED Strip	700 lm (white) and 200 lm (colours)	24 W	RGB + 2700 - 6500 K	IP44 (excl controller)
WIFIL51CRGB	Wi-Fi Smart LED Strip	480 lm	24 W	RGB Multi Colour	IP44 (excl controller)
WIFILN51CRGB	Wi-Fi Smart Outdoor LED Strip	960 lm	24 W	RGB Multi Colour	IP65
BTLS20RGBW	Wi-Fi Smart TV LED Strip	380 lm	5 W	RGB + 2700 K	IP20

## Smart detectors & sensors

SmartLife sensors can make things happen, like automatically turning on lights and appliances when you enter a room.

But they can also detect an intruder or set off an alarm.

The water and smoke detector are both battery powered for maximum flexibility in installation and will last over 2 years without replacing batteries, even with monthly alarms.

# Detectors

Connects directly to your router via Wi-Fi - no separate hub required

The detector generates an audio signal

Sends you a push message on your smartphone.

Can be paired to trigger other Nedis SmartLife products

Wi-Fi Smoke Detector  
with heat detection

- Wi-Fi smoke detector - alerts you of both smoke and excessive increases in temperatures for complete peace of mind
- Easy to connect to your Wi-Fi – for alerts to your phone
- Loud alarm – to warn those in and around the house of danger
- Can be paired with other SmartLife products – to automatically activate lights when the alarm sounds, for example

WIFIDS10WT

Wi-Fi Water Detector  
with extender

- Water detection and warning at the earliest stages of a problem – to prevent a costly build-up of damp and water damage
- Audio alarm and push notification to your phone – to ensure you are quickly informed
- Connects instantly to your Wi-Fi router – no further hub required
- Battery lifetime of over two years – for long periods of monitoring
- Extension cable allows checking of up to 115 cm from the detector – to cover inaccessible pipes

WIFIDW10WT

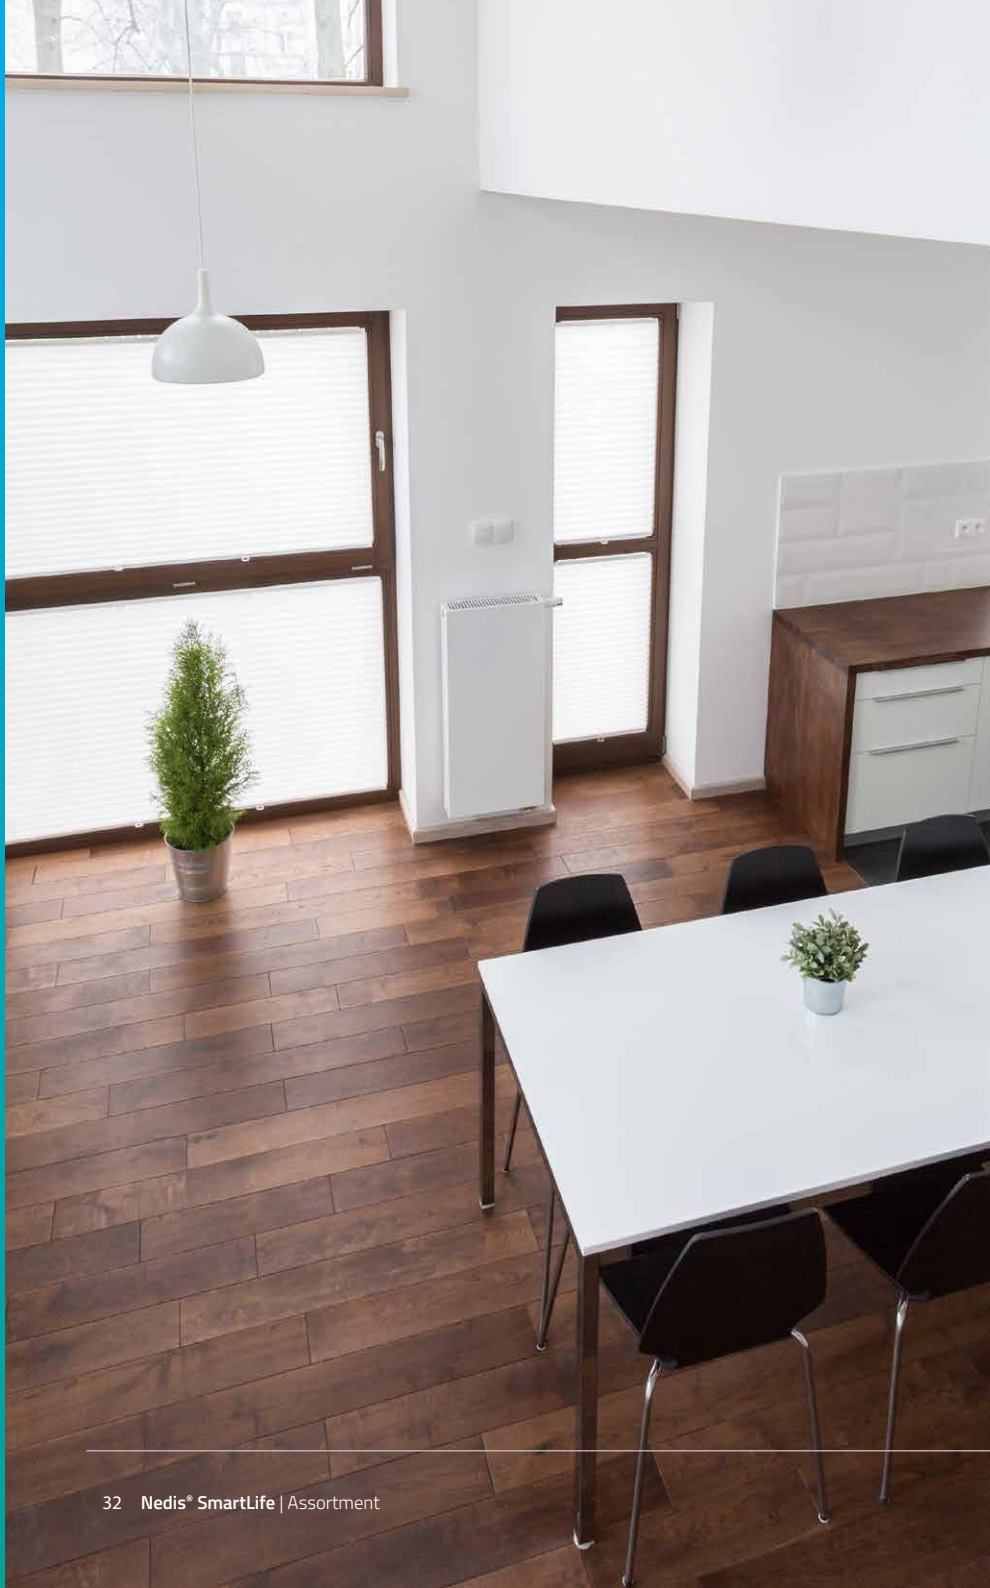

Wi-Fi Smart Siren  
for use in your smart home

- Easily fits anywhere - dimensions of only 65 x 30 mm
- Connects to other products in the Nedis® SmartLife range – and compatible with Amazon Alexa and Google Home
- Loud enough to be heard in all circumstances - sound intensity of over 85dB
- Flexible placement – with a cable length of 120 cm

WIFISI10CWT

Article Code	Product Type	Power Adapter	Battery	Battery lifetime	Sound level
WIFIDS10WT	Wi-Fi Smoke Detector with heat detection	-	2x AA (R6) (incl.)	2 years	85 dB
WIFIDW10WT	Wi-Fi Water Detector with extender	-	1x CR2 (incl.)	2 years	55 dB
WIFISI10CWT	Wi-Fi Smart Siren for use in your smart home	USB to Micro USB	-	-	85 dB

## Motion Sensor

Connects directly to your router via Wi-Fi - no separate hub required

Power adapter is included, so get started right after unboxing this product!

Include this motion sensor in your scenarios to trigger other Smartlife products

Receive an optional push message on your smartphone

### Wi-Fi Motion Sensor for smart home integration

- Powerful PIR motion sensor – offers 10 m coverage over a 120° range
- Also suitable to be applied as a stand-alone security solution
- Easy to connect with other Nedis® SmartLife products to trigger the setting up of scenes when someone enters a room

WIFISM10CWT

Also available without EU adapter: WIFISM10WT

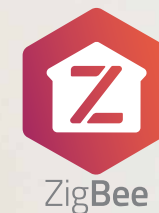

Article Code	Detection Range	Power plug
WIFISM10CWT	10.0 m / 120°	Euro / Type C (CEE 7/16)
WIFISM10WT	10.0 m / 120°	USB

# ZigBee

ZigBee is an alternative protocol for Wi-Fi, with the largest advantage being low power consumption. This makes it possible to use small wireless sensors, which will last long by being just battery-powered.

Nedis SmartLife in combination with Nedis Zigbee products made the series even more versatile. Use ZigBee Gateway to add up to 50 wireless sensors; motion detectors, temperature sensors, door/window sensors and so on.

# Zigbee Gateway

Combine Nedis® Zigbee products to any SmartLife product

Connect up to 50 Nedis Zigbee sensors to a single gateway

Wireless range up to 35 m

Zigbee Gateway  
to integrate with Nedis® SmartLife application

- Connect up to 40 Zigbee products to a single gateway
- Zigbee supports instant communication with minimal battery usage
- Integrate this gateway into the SmartLife app to combine Nedis® Zigbee products to any SmartLife product
- USB powered

WIFIZB10WT

Zigbee Gateway  
to integrate with Nedis® SmartLife application

- Plug-in design for maximum ease of use
- Connect up to 50 Zigbee products to a single gateway
- Zigbee supports instant communication with minimal battery usage
- Integrate this gateway into the SmartLife app to combine Nedis® Zigbee products to any SmartLife product
- Plug-in

WIFIZB10CWT

Article Code	Product Type	Power	Dimensions
WIFIZB10WT	<b>Zigbee Gateway</b>	USB 5V – 1A	60 x 60 x 16 mm
WIFIZB10CWT	<b>Zigbee Gateway</b>	220 – 240 V	57 x 57 x 60 mm

# Zigbee Sensors

Combine Nedis® Zigbee products to Nedis Zigbee Gateway (WIFIZBxxx)

Combine with other Nedis SmartLife products or set a schedule

Battery powered for flexible placement

Zigbee Climate Sensor  
works with Nedis SmartLife

- Measure temperature and humidity wherever you want within a range of approximately 35 m from the Nedis Zigbee gateway (WIFIZBxxx)
- Fully integrates with your Nedis SmartLife application (through the Nedis Zigbee gateway) to combine with other smart products in automations.
- See both live and stored climate information for the last day, week or month in clear graphs
- Battery powered for flexible placement

ZBSC10WT

Zigbee Door/Window Sensor  
works with Nedis SmartLife

- Detect whether a door or window is opened or closed wherever you want - within a range of approximately 35 m from the Nedis Zigbee gateway (WIFIZBxxx)
- Fully integrates with your Nedis SmartLife application (through the Nedis Zigbee gateway) to combine with other smart products in automations.
- Battery powered for flexible placement

ZBSD10WT

Zigbee Motion Sensor (PIR)  
works with Nedis SmartLife

- Detect motion using the PIR (Passive Infrared) sensor wherever you want - within a range of approximately 35 m from the Nedis Zigbee gateway (WIFIZBxxx)
- Detect motion up to a distance of 5 m at a 120° angle
- Fully integrates with your Nedis SmartLife application (through the Nedis Zigbee gateway) to combine with other smart products in automations.
- Battery powered for flexible placement

ZBSM10WT

Article Code	Product Type	Battery	Battery Lifetime	Dimensions
ZBSC10WT	<b>Zigbee Climate Sensor</b>	CR2450 (incl)	up to 1 year	Ø 45 x 12 mm
ZBSD10WT	<b>Zigbee Door/Window Sensor</b>	CR2032 (incl)	up to 1 year	60 x 27 x 10 mm
ZBSM10WT	<b>Zigbee Motion Sensor (PIR)</b>	CR2450 (incl)	up to 1 year	Ø 47 x 27 mm

## Other Zigbee products

Combine Nedis® Zigbee products to Nedis Zigbee Gateway (WIFI2Bxxx)

Combine with other Nedis SmartLife products or set a schedule

Battery powered for flexible placement

Zigbee Remote Control  
Works with Nedis® SmartLife

- Control any Nedis SmartLife device by connecting this remote control to your Nedis ZigBee gateway.
- 4 buttons which can be programmed
- Battery included with lifetime of 1 year (average use)
- Instant response, no noticeable delay
- Option to set different programs for different periods

ZBRC10WT

Zigbee Radiator Thermostat  
Works with Nedis® SmartLife

- Digital smart self-learning thermostat to keep the temperature in the room at the desired level
- Nedis® Smartlife app control to set a schedule or change the temperature remotely with your smartphone
- Google Assistant, Amazon Alexa or Siri voice control to set up scenes and control it with a simple voice command
- With the integrated LED display and the intuitive knob you can change, monitor and control the temperature directly on the radiator
- Child lock to prevent unauthorized temperature changes
- Control multiple radiators at once so no room is ever forgotten
- Combine with other Nedis SmartLife products to create a more intelligent and energy efficient environment
- Easy installation where no special skills or knowledge is required

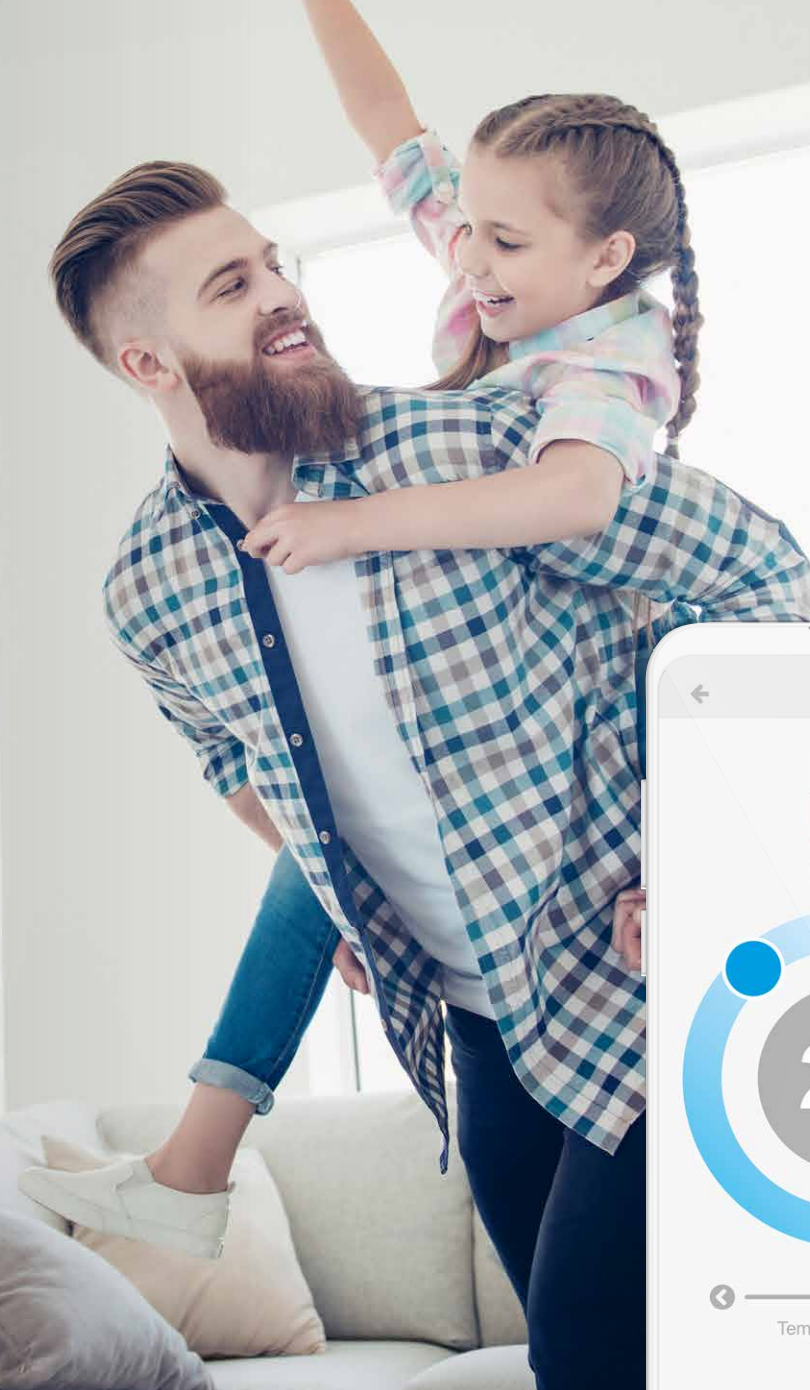

ZBHTR10WT

Article Code	Product Type	Battery	Battery Lifetime	Temperature range	Dimensions
ZBRC10WT	<b>Zigbee Remote Control</b>	CR2032 (incl)	up to 1 year	-	66 x 34 x 12 mm
ZBHTR10WT	<b>Zigbee Radiator Thermostaat</b>	2x AA (not incl.)	up to 2 years	5 - 30 °C	Ø 57 x 89 mm

# Cool surroundings

This Nedis® SmartLife air conditioners and fans are perfect to cool rooms rapidly at home or in smaller offices. And with energy label A, you don't have to worry about using it. The fan's height and tilt can be manually adjusted for the perfect air distribution and offers a sleep mode that gradually lowers its speed until it eventually switches off.

## Air Conditioners

Connects directly to your router via Wi-Fi - no separate hub required

3-in-1 - Cooling, ventilation, and dehumidification all in one machine

Set the target temperature digitally

Monitor and control the rooms temperature remotely with the app

Use voice control by connecting to Google Home or Amazon Alexa

Wi-Fi Smart Air Conditioner  
with thermostat app and voice control

- 3-in-1 - Cooling, ventilation, and dehumidification all in one machine
- Powerful cooler with timer and sleep function
- 24-hour timer: airco automatically switches off after preset time
- Two fan speeds
- Set temperature range: 16-31 °C
- Self-evaporating system for increased energy efficiency and cooling performance
- Energy-efficient air conditioning, energy class A.
- Easy to maintain and store after the summer season

WIFIACMB1WT7

Wi-Fi Smart Air Conditioner  
with thermostat app and voice control

- Smart air conditioning - remote controllable with WIFI via app
- 3-in-1 - Cooling, ventilation, and dehumidification all in one machine
- Powerful cooler with timer and sleep function
- Easy to operate via the control panel with soft-touch buttons and LED display
- Large cooling capacity: 7,000 BTU, covering a surface of 60 m<sup>3</sup>
- 24-hour timer: airco automatically switches off after preset time
- Two fan speeds
- Set temperature range: 16-31 °C
- Self-evaporating system for increased energy efficiency and cooling performance
- Energy-efficient air conditioning, energy class A.
- Equipped with water tank-full indicator
- Sleek design, fits in every interior
- Easy to maintain and store after the summer season

WIFIACMB1WT9

Article Code	Product Type	Capacity	Power	Dimensions
WIFIACMB1WT7	Wi-Fi Smart Air Conditioner 7000 BTU	7000 BTU / 60 m <sup>3</sup>	792 W	32 x 73 x 37 cm
WIFIACMB1WT9	Wi-Fi Smart Air Conditioner 9000 BTU	9000 BTU / 80 m <sup>3</sup>	1010 W	42 x 72 x 36 cm

## Air Conditioners

Connects directly to your router via Wi-Fi - no separate hub required

3-in-1 - Cooling, ventilation, and dehumidification all in one machine

Set the target temperature digitally

Monitor and control the rooms temperature remotely with the app

Use voice control by connecting to Google Home or Amazon Alexa

Wi-Fi Smart Air Conditioner  
with thermostat app and voice control

- 3-in-1 - Cooling, ventilation, and dehumidification all in one machine
- Powerful cooler with timer and sleep function
- 24-hour timer: airco automatically switches off after preset time
- Three fan speeds
- Automatic air swing for a perfect airflow
- Set temperature range: 16-31 °C
- Self-evaporating system for increased energy efficiency and cooling performance
- Energy-efficient air conditioning, energy class A.
- Easy to maintain and store after the summer season

WIFIACMB1WT12

Wi-Fi Smart Air Conditioner  
with thermostat app and voice control

- Smart air conditioning - remote controllable with WIFI via the app
- 3-in-1 - Cooling, ventilation, and dehumidification all in one machine
- Powerful cooler with timer and sleep function
- Easy to operate via the control panel with soft-touch buttons and LED display
- Large cooling capacity: 16,000 BTU, covering a surface of 140 m<sup>3</sup>
- 24-hour timer: airco automatically switches off after preset time
- Three fan speeds
- Automatic air swing for a perfect airflow

## Smart Fan

Connects directly to your router via Wi-Fi - no separate hub required

Standing fan with 40 cm diameter

Supports voice control with Amazon Alexa or Google Home

Change the speed with buttons on the fan or with the app

Can be combined with other Nedis SmartLife products or scheduled

Sleep mode gradually reduces the speed until the fan switches off

Set to pan to create optimal airflow through the room

Wi-Fi Smart Fan Ø 40 cm  
supports app and voice control

- Fan height: 105 - 130 cm

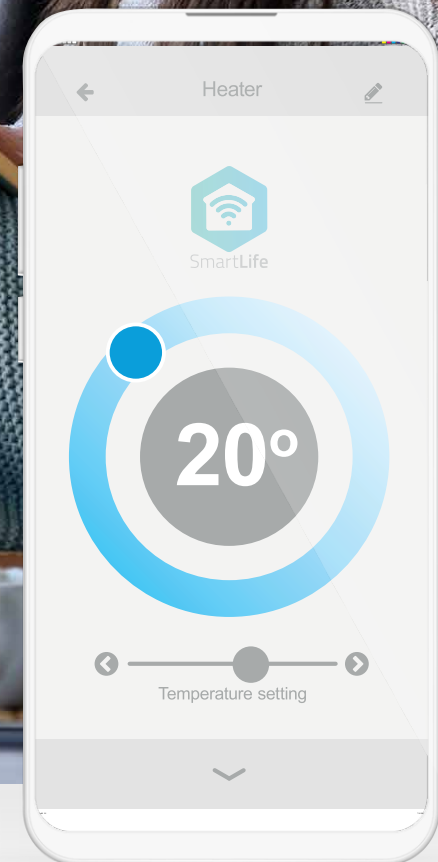

WIFIFN10CWT - Euro / Type C (CEE 7/16)

Article Code	Product Type	Dimensions
WIFIFN10CWT	Wi-Fi Smart Fan supports app and voice control	Ø 40 x 105 - 130 cm

# Warm and cosy

These Nedis® Wi-Fi smart heaters can be used on its own or in combination with your other Nedis SmartLife devices. You can adjust the temperature by using the app or with your favourite voice assistant (Google Home or Amazon Alexa).

# Heaters

Connects directly to your router via Wi-Fi - no separate hub required

Choose the required setting: 1200 or 2000 W heating or only use the fan

Set the target temperature digitally

Monitor and control the rooms temperature remotely by app

Use voice control by connecting to Google Home or Amazon Alexa

Apply horizontal oscillation for optimal air flow throughout the room

Wi-Fi Smart Fan Heater  
with thermostat, app and voice control

- Set temperature using buttons on top, your Nedis® SmartLife app or by voice in combination with Google Home or Amazon Alexa
- This fan heater connects directly to your Wi-Fi so you can control it from anywhere in the world
- Simply set a timer or a schedule for automated heating
- The heater uses the full 2000 W to quickly heat up the room - and when approaching the target temperature it automatically lowers the heating power to 1200 W
- Thermostat on display and in app: 15 - 35 °C (1 °C steps)
- Activate the horizontal pan for optimized air flow throughout the room
- The small footprint of only Ø 19 cm makes this powerful heater suitable for small rooms

WIFIFNH10CBK - Euro / Type C (CEE 7/17)

Wi-Fi Smart Fan Heater  
with thermostat, app and voice control

- Set the temperature with the buttons on the front, your Nedis® SmartLife app or by voice in combination with Google Home or Amazon Alexa
- Connects directly to your Wi-Fi so you can control it from anywhere in the world
- Simply set a timer or a schedule for automated heating
- The heater uses the full 1800 W to quickly heat up the room - and when approaching the target temperature it automatically lowers the heating power to 1000 W
- Thermostat (on display and in app): 15 - 35 °C (1 °C steps)
- Activate the horizontal pan for optimized air flow throughout the room
- The small footprint of only 14,5 x 16,5 cm makes this powerful heater suitable for small rooms

WIFIFNH20CWT - Euro / Type C (CEE 7/17)

### Wi-Fi Smart Convection Heater with thermostat, app and voice control, glass front panel

- Set the temperature with the buttons on the front, your Nedis® SmartLife app or by voice in combination with Google Home or Amazon Alexa
- Connects directly to your Wi-Fi so you can control it from anywhere in the world
- Simply set a timer or a schedule for automated heating
- Use the full 2000 W to quickly heat up the room – or lower the heating power to 1000 W for a more gentle heating.
- Overheat protection – for safe operation
- Remote control – for more operating convenience
- IP24 – splash water proof, safe to use in bathrooms
- Can be used stand alone or wall mounted

WIFIHTPL20FWT - Schuko / Type F (CEE 7/7)

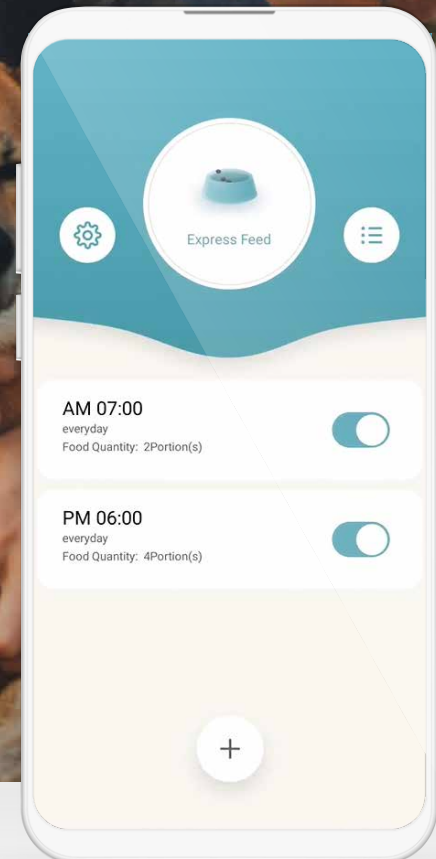

Article Code	Product Type	Heat setting	Dimensions
WIFIFNH10CBK	Wi-Fi Smart Fan Heater with thermostat app and voice control	1200 / 2000 W	Ø 19 x 57 cm
WIFIFNH20CWT	Wi-Fi Smart Fan Heater with thermostat app and voice control	1000 / 1800 W	165 x 145 x 250 mm
WIFIHTPL20FWT	Wi-Fi Smart Convection Heater with thermostat, app and voice control	1000 / 2000 W	830 x 515 x 260 mm

# Flora & Fauna

In our daily lives we can't forget about our furry friends and plants who need our attention. With these SmartLife solutions you can help the flora and fauna around your house.

Feed your pets when you're not at home or set schedules to water the plants at a set time.

Wi-Fi Smart Pet Feeder  
schedule and control via app

- Automatically feed your pets set quantities on set times
- Remotely feed your pets the preferred amount
- Set portion sizes in steps of approx. 10 ml
- Receive push notifications on your phone when food container is about to run empty
- Sensor confirms food was actually dispensed and sends push notification otherwise (jammed, tipped over, or empty)
- Option to connect power bank for back-up power

WIFIPET10CWT

Article Code	Product Type	Capacity	Portions	Dimensions
WIFIPET10CWT	Wi-Fi Smart Pet Feeder	3.7 Ltr	10 grams	35 x 25 x 23 cm

# Smart Watering

Connects directly to your router via Wi-Fi - no separate hub required

Simply switch on/off the device using the application on your smartphone

Use voice control (in combination with Amazon Alexa or Google Home)

Combine with other Nedis SmartLife products or set a schedule

## Smart Bluetooth Water Control to automate your sprinkler

- Easy to install: no tools needed
- 100% wireless solution
- Bluetooth Low Energy technology
- Control by SmartLife app or manually on the control unit
- Not depending on Wi-Fi range as it connects to your phone using Bluetooth
- Easily setup various schedules
  - up to 3 weekly schedules
  - irrigation from 1 minute to 12 hours
  - Interval mode: 5 seconds - 1 minute
- Measures and shows the water flow (liters of water per day) in a graph
- Works on 4 AA-Batteries (not included) which will last up to 6 months
- Inlet thread: 1" (and 3/4" adapter)
- Outlet thread: 3/4"
- Water pressure: 0,5 - 8 bar (5 - 35 l/min)

BTWV10GN

## Wi-Fi Smart Water Pump to water up to 10 plants

- Automatic smart watering system for 10 plants
- Set a time schedule quickly and easily in the SmartLife app
- Pump water from any available water container
- Strong enough to pump up to 500 ml per minute, up to 3 meters up
- Complete set with 10 meters of tubing, filter, connectors and drip emitters
- Physical push button to manually pump water (for the set duration or manually stop earlier)
- Connects directly to your Wi-Fi for automatic or remote control (when powered through USB)
- Option for 100% wireless installation when used standalone (schedule is stored locally)
- The app notifies you when the water (from the bucket, watering can or bottle) has run out
- Supports voice control by Google Home and Amazon Alexa
- Ideal for during holidays

WIFIWP10GY

Article Code	Product Type	Wireless connection	Dimensions
BTWV10GN	Smart Bluetooth Water Control	Bluetooth 5.0	156 x 102 x 42 mm
WIFIWP10GY	Wi-Fi Smart Water Pump	Wi-Fi 2.4 GHz	88 x 82 x 78 mm

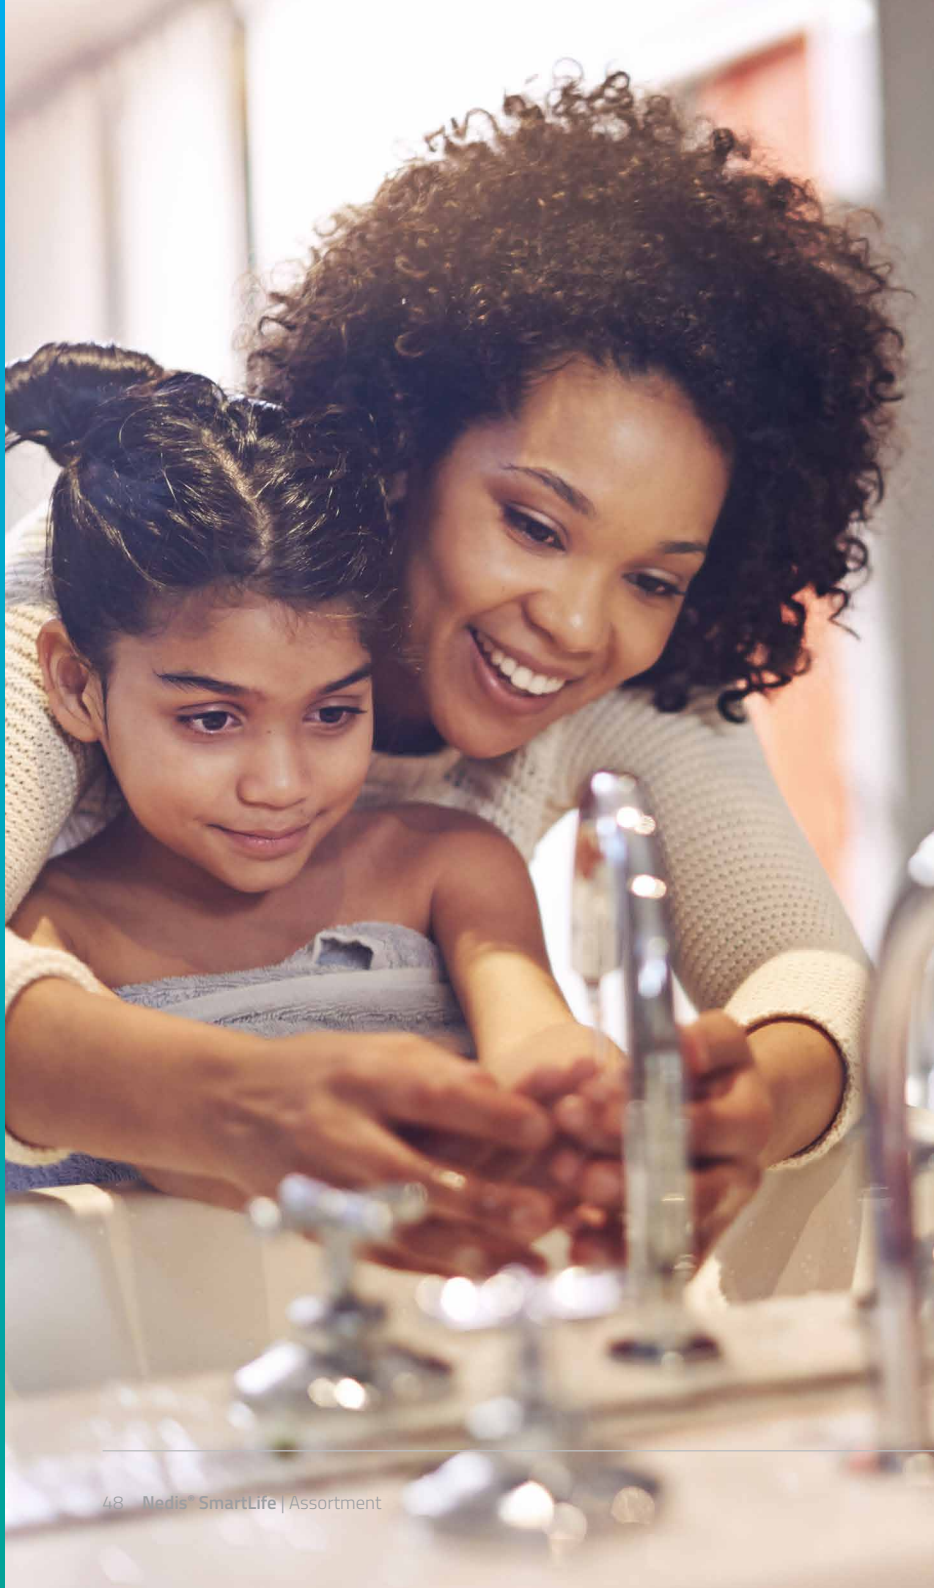

# Personal Care

Since your health is determined by a lot more however, these smart scales also measure fat, BMI, bone, muscle, water and protein levels. The app supports 8 accounts in total, making these scales perfect for your entire family.

The Health Watch counts steps and calculates the calories you burned while monitoring your heartrate and measuring your body temperature when requested. You can check all graphs and details on your workout or daily routines.

This makes it easy to detect weight changes, which could indicate health issues. Or to motivate you to hang on to your diet as your target weight is coming within reach.

Wi-Fi Smart Personal Scales  
with data automatically stored in App

- Works with intuitive, clear app – no hassling with changing views or accounts on the scales
- Supports accounts for 8 persons
- Saves data automatically to the right account
- Shows graphs of various parameters measured overtime
- Comprehensive body analysis – weight, BMI, metabolic age, fat, water, bones, muscle and protein levels
- Easy to integrate in your Nedis® SmartLife system
- Clear, digital, blue-lit display

WIFIHS10WT

Article Code	Product Type	Battery	Dimensions (mm)
WIFIHS10WT	Wi-Fi Smart Personal Scales	3x AAA/R03 (not incl.)	280 x 280 x 22 mm

Wi-Fi Smart Activity Tracker  
with data automatically stored in App

- Step counter and calculating burned calories to give insight in your activities
- Measure heartrate and body temperature to monitor your condition
- Show notifications of any text message, email or incoming call
- Supported sports: walking, running, cycling and climbing
- IP67 Waterproof rating to withstand dipping under water (max 30 minutes and 1 meter deep)
- USB plug integrated in the design, so no need for additional cable to charge.

BTBW001BK

Wi-Fi Smart Health Watch  
with data automatically stored in App

- Step counter and calculating burned calories to give insight in your activities
- Measure heartrate and body temperature to monitor your condition
- Show notifications of any text message, email or incoming call
- Simply control the music played from your phone
- IP68 Waterproof rating to support swimming, baths or showers without a problem.
- Charger cable snaps to the watch using magnets to remove the hassle of plugging in a cable

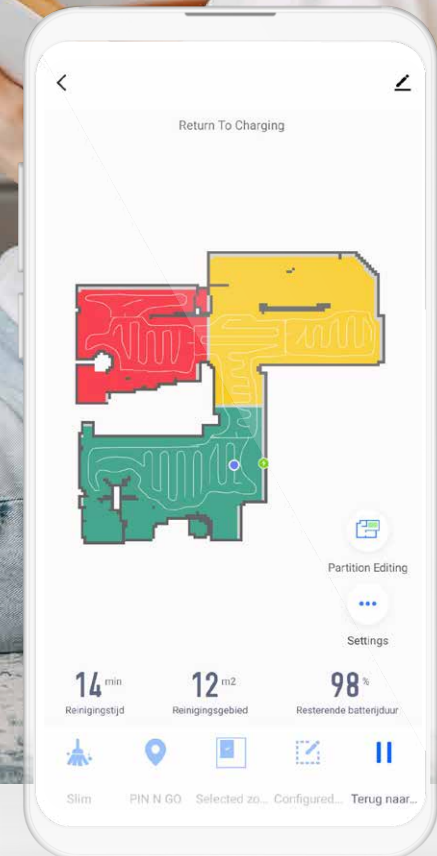

BTBW002BK

Article Code	Product Type	Battery	Weight	Dimensions (mm)
BTBW001BK	Wi-Fi Smart Activity Tracker	90 mAh; standby: up to 15 days, connected up to 5 days	25 g	43 x 20 x 12 mm
BTBW002BK	Wi-Fi Smart Health Watch	180 mAh; standby up to 12 days, connected up to 5 days	45 g	43 x 37 x 11 mm

# Smart Cleaning

These 3-in-1 Smart Wi-Fi robot cleaners can sweep, vacuum, and mop your home while you're doing something else, or even when you're not at home.

You can set up a daily or weekly cleaning schedule or send it directly to a specific spot in your home.

## Smart Cleaning

Connects directly to your router via Wi-Fi - no separate hub required

Simply switch on/off the device using the application on your smartphone

Supports sweeping, vacuuming, and mopping function

Can run over obstacles up to 15 mm

The washable and replaceable HEPA filter removes up to 99% of small particles.

Wi-Fi Smart Robot Vacuum Cleaner  
with app control, mopping and auto-charge

- Includes both a dust bin and a water tank
- Multiple cleaning modes:
  - Auto Mode for general cleaning
  - Edge Mode for edge cleaning
  - Spot Mode for specific small area cleaning
- Two edge brushes to clean in the corners and gather all filth
- Includes a dust bin and a water tank so you can vacuum and mop any floor
- Built-in advanced sensors, it easily avoids obstacles and falling down
- 3 layers of dust filtration capturing up to 99.5% of tiny dust mites, particles, and allergens

WIFIVCR001CBK

Wi-Fi Smart Robot Vacuum Cleaner  
with accurate mapping for most efficient navigation

- Includes both a dust bin and a water tank
- Laser navigation combined with military-grade gyroscope for most accurate mapping and cleaning
- Automatically scans and divides area in separate rooms, all shown in the free Nedis SmartLife app
- Support in app room adjustment as well as the drawing of virtual wall or restricted areas
- Point and go: point in the map exactly where to clean
- Two edge brushes to clean in the corners and gather all filth
- Built-in advanced sensors, it easily avoids obstacles and falling down
- The low profile design allows cleaning under most furniture and narrow spaces
- 3 layers of dust filtration capturing up to 99.5% of tiny dust mites, particles, and allergens
